

## INVITATION

### FASD-informed practice: A professional development workshop

Alcohol Healthwatch invites you to a Fetal Alcohol Spectrum Disorder professional development workshop with Dr Valerie McGinn Neuropsychologist and Dr Zoe McLaren Paediatrician of the FASD Centre Aotearoa.

**WHEN:** 9.00am to 5.00pm  
Wednesday 22 June 2016

**WHERE:** Hamilton Gardens  
(Chartwell Room) Hungerford  
Crescent (SH1) Hamilton

**REGISTRATION:**

Confirm registration by sending the name, organisation and contact details of the person(s) attending before Wed 15<sup>th</sup> June to: [christine@ahw.org.nz](mailto:christine@ahw.org.nz) or phone Christine Rogan FASD Project Coordinator 09 5207037 for further information.

Thanks to a grant from the HPA, there is no charge to attend for those with confirmed registration. A light lunch will be included.

*'This workshop brings to the fore intervention practice that has been shown to maximise success for children and adolescents affected by Fetal Alcohol Spectrum Disorder (FASD) and for those entrusted with their care.'*

*It will inspire and inform anyone working with vulnerable populations where FASD may be a factor.'*
