Auckland Regional Exit Breath Survey 2005

YOU ARE INVITED

The Auckland Regional Alcohol Project (RAP) group invites you to the launch of the Auckland Regional Exit Breath Survey 2005.

The survey has been conducted by SHORE and Te Ropu Whariki at Massey University. It measures breath test readings as well as interviewer assessment and self-reported intoxication levels of over 300 young people exiting from randomly selected bars throughout the region. Participants also completed a short interview covering their transport, drinking and eating activities that evening. The launch will provide an overview of survey results both regionally and by local authority area.

It will be held at the North West Host Responsibility and Safer Environments Expo

Tuesday 14 June 2005 (North Harbour Function Centre, Oteha Valley Road, Albany).

The Exit Survey presentation is at 12 pm (The Expo runs from 10 am to 8 pm with presentations from 10.30 am to 2.30 pm).

Please RSVP to Christine at Alcohol Healthwatch before Friday 10 June:

Phone: 520 7037 or e-mail: Christine@ahw.co.nz

Light refreshments will be provided.

On behalf of the Auckland Regional Alcohol Project Group
